

Coastal Proximity to Development

The distance from the coastline to the nearest developed features is mapped for the Atlantic Ocean and Delaware and Raritan Bays coastline.

Distance to Nearest Developed Features

- 0 - 50 meters (26%)
- 50 - 100 (22%)
- > 100 (52%)

Developed features were mapped from NJDEP 1995/97 LU/LC data updated with CRSSACRSSA 2000/1999 developed land cover change polygons.
